BikeConnect Registration

The BikeConnect program provides a used, refurbished bicycle to individuals with financial constraints for work-related transportation. In order to receive a refurbished bicycle, participants must be referred to RideWise by a Somerset County non-profit or human services organization.

Bikes are available on a limited, first-come basis. Completing this form does not guarantee that a bike will be available or become available. We anticipate client demand for bikes will exceed the supply. This program is intended for individuals who do not have any means of transportation, such as a personal vehicle.

Please review and complete this application and mail or email it to RideWise.
